ABESIT
INTO THE FUTURE

HACKNOVATE 6.0

24 HOUR HACKATHON
4TH - 5TH APRIL
(Hybrid Mode)

ORGANISED BY
ABES Institute of Software Technology
Affiliated Mdu Rohtak, Kalam Technical University, Lucknow (Code 0160)

ABOUT HACKNOVATE 6.0

What? Learning on the spot is the key to success. Hacknovate is a 24 hour hackathon where you will learn, build, and collaborate.

Why? Implement IoT, AR, and AI to solve real-world problems. Turn your ideas into reality and collaborate with industry experts.

For Whom? Passionate coders, designers, and tech enthusiasts who want to learn, network, and build impactful solutions. Whether you're a beginner or a pro, this is your chance to innovate and make a difference.

ABOUT ABESIT

ABES Institute of Technology (ABESIT), established in 2007 and affiliated with Dr. A.P.J. Abdul Kalam Technical University, Lucknow (Code 0160), is a premier institute in Ghaziabad, U.P. It has 2,000+ students, 60+ faculty members, and 50+ staff members. The institute boasts state-of-the-art infrastructure, including a 24-hour library, Wi-Fi-enabled classrooms, and a dedicated hostel for boys and girls. The campus also features a cafeteria, sports facilities, and a vibrant environment that fosters holistic development. With a focus on industry collaborations, ABESIT provides students with ample opportunities for internships, workshops, and hackathons, ensuring they are prepared for the dynamic world of technology.

As part of Ambassadors of Excellence, ABESIT actively promotes innovation and skill-building through various initiatives, including hackathons, workshops, and collaborations with industry leaders. The institute's commitment to excellence and innovation makes it a hub for aspiring technologists and researchers.
