NOTICE

It is for the information to all the students that, **IRSDC in partnership with MyGov, is launching a first-of-its-kind idea crowd sourcing competition– SRIJAN (Station Rejuvenation Initiative by Joint Action)**. Its aim is to invite innovative, scalable, low-cost and high-impact ideas (ideally, retrofits minimizing significant construction work and/or capital cost unless justified by the value proposition) from stakeholders for upgrading the look and feel of the railway stations and thereby transform the functional utility, raise the revenue generation capacity and lower operations and maintenance cost of railway stations in the IR network.

CATEGORIES OF SRIJAN

- **Revenue Generation:** raising the current earnings of the station.
- **Cost Reduction:** optimizing the cost of running stations in intangible processes such as supply chain management, human resource management etc.
- **Energy Conservation:** embedding green building and sustainability ideas into the railway station.
- **Circulation Area Improvement:** improvement of parking area, enhancement of space for pedestrians to walk.
- **Integration of Railway Station with other Modes of Transport:** integration and space for drop-off / pick-up by various modes of transport (auto-rickshaw, taxi, bus, personal vehicle, etc.).
- **Accessibility (Divyang friendly features):** creating accessible entrances/ exits, stairs, lifts, platform, toilets, assistance, information, etc.
- **Lively Urban Spaces:** creation public spaces that add to the vibrancy of the station.
- **Cleanliness / Housekeeping:** maintenance or management of station premises with respect to cleanliness and housekeeping.
- **Heritage Conservation:** need for conservation of existing buildings / structures within the station premises.
- **Cultural:** leveraging on the deep, ancient, rich culture and tradition of Bharatvarsh and integrating it with the stations.
- **Artistic / architectural improvement:** artistic or architectural interventions in existing station buildings / structures / spaces for improving look and feel.
- **Passenger Convenience:** amenities (toilets, drinking water, etc.).
- **Signage / Information:** way finding, passenger information display / announcement systems, etc.
- **Lighting & Illumination:** innovations that enhance visual impact, comfort and utility of stations.

- **Stay Arrangement:**
 - **Short Term:** waiting areas, seating etc.
 - **Long Term:** cloak rooms/lockers, retiring rooms, hotels, etc.
- **Specific Areas:** improvement of platform floor and passenger shelter, foot over bridges (FOBs) and concourse by embedding sustainability features in the space.
- **Catering Facilities:** improvements in design, operations, maintenance, facilities and variety of kiosks & stalls.
